Crawley council homes to be more energy efficient thanks to Towns Fund

Crawley Borough Council is improving energy efficiency in its housing stock through a 'fabric first' approach thanks to £4m from the Towns Fund. Work is currently proposed to flats with cavity walls that have no insulation or existing insulation that is in poor condition.

We're improving energy efficiency in our housing thanks to £4m from the #TownsFund.

We'll be working on more than 1,500 flats with cavity walls that have no insulation or existing insulation that is in poor condition.
