Keepsake is a metal sculpture designed by Lindsay Seahorse Wright. It is a heart shape with intricate scrollwork and a keyhole in the center. The heart is mounted on a black base. The key is placed on the base in front of the heart. The sculpture is made of metal and is painted in a silver color. It is a keepsake for the charity St Catherine's Hospice. The sculpture is a symbol of love and care. It is a reminder that we are all connected and that we should all look out for each other. The sculpture is a beautiful piece of art that will be a lasting reminder of the charity's work.

### Could you unlock tax-free money from your home?

Equity release could allow you to access your property wealth

- ✓ Tax-free cash lump sum
- ✓ Maintain home ownership
- ✓ No monthly repayments required

Homeowners aged 55 plus could benefit from releasing money locked up in their homes. Multi-award-winning equity release specialists Age Partnership can help homeowners decide if equity release is right for them, how much they can release and what impact it could have on the size of their estate including their entitlement to means-tested benefits now, or in the future. Any money released, plus accrued interest would be repaid upon death, or moving into long-term care. Equity Release may involve a home reversion plan or a lifetime mortgage which is secured against your property. To understand the features and risks, ask for your personalised illustration. We provide initial advice for free and without obligation. Only if you choose to proceed and your case completes would a fee of 1.95% of the amount released be payable (minimum £1,495).

# MEDIA RELEASE

## From Crawley Borough Council

**For Immediate Release**

**PR 10529**

**16 July 2019**

### **Help plan the future of your town**

Planning affects us all. The homes we live in, the places where we work, the open spaces where we relax and the roads we travel on are all a result of planning decisions that have been made.

The way that the whole town develops in the future will be affected by planning. Crawley Borough Council has started work on a review of its local plan that will help to guide development in Crawley over 15 years from 2020-2035.

This draft local plan review follows a review of the existing adopted local plan; it doesn't start from a blank page. In many cases, the principles and policies in the local plan remain up-to-date and 'sound'.

However, there is a greater emphasis on a number of policy areas, including health and wellbeing, higher environmental standards for new houses and housing to meet a wider range of needs.

It is important that local people, groups and organisations are able to put across their views and participate in the way that we plan the future of the town.

From now until 16 September we are asking you to let us know what you feel are the most important issues for Crawley that will need to be planned for over the next 15 years.

The staffed consultation events take place at:

- County Mall on Saturday 27 July from 10.30am-4pm
- Town Hall on Monday 29 July from 10.30am-4pm
- K2 Crawley on Monday 5 August from 3-8pm
- Crawley Library on Tuesday 6 August from 5-6pm
- County Mall on Saturday 17 August from 10.30am-4pm
- Town Hall on Monday 19 August from 10.30am-4pm
- Crawley Library on Monday 9 September from 5-6.30pm.

Councillor Peter Smith Cabinet member for Planning and Economic Development, said:  
“Anyone interested in the future of Crawley should get involved in this consultation.

“The local plan review is all about finding out what you want to see the town look like. We’ll be asking questions at events and online to get your feedback. Please take your chance to shape the future of your town.”

# Wellbeing and communities

Local communities will be directly involved in planning how the town grows and develops in order to achieve the best outcome for all concerned; particularly where difficult choices have to be made. All people who live here will be proud, confident and self-reliant, working together and with others for the good of the town.

Crawley is a place that people want to visit, to have fun and spend their leisure time

## The facts and figures

There are **105** Grade I, II\* and II listed buildings

**33** public parks and gardens

Some historic parts of Crawley have higher densities of **95** dwellings per hectare

**76** play spaces for children

**20** allotments

**92** outdoor sports spaces

**11** conservation areas

New town average densities of **20-30** dwellings per hectare

# Economic growth and social mobility

Additional jobs will have been created for people living in and around Crawley across a diverse range of sectors, including creative industries. Access to jobs will be supported by learning and development opportunities giving people a real choice about the work they can and want to do. Sustainable growth of Gatwick Airport will continue to support the economic growth of the town.

## The facts and figures

**95,000**  
jobs

**3,400**

more homes between  
2020-2035

**A mix of new homes  
will be designed for  
residents in all stages  
of life**

# Environmental sustainability

Air, noise and water pollution will be reduced. The borough will prepare for the increasing effects of **climate change**, through adaption measures including lower water usage standards and delivering a net gain in biodiversity, including through pollination and connectivity measures, to address and mitigate against losses.

## The facts and figures

The borough covers  
**4,497**  
hectares

During peak hours there are around **35,000** vehicle movements within Crawley

**24** per cent of adults were estimated to be **physically inactive** in 2016/17

**111,700**  
total residents

**10** per cent increase in residents since 2007 due to more births than deaths and inward migration

Cycling saves a typical commuter **£740** a year

At an average pace, you can **cycle across Crawley in 30 minutes**

**60** per cent of residents are under **45** years of age (22 per cent aged 0-15 years)

**83.3**

per cent of the adult population are economically active

**58** per cent of car trips are under five miles and **25** per cent are under two miles

Conserving natural resources to support future growth will be vital to the longevity of the town

# Crawley 2035

**Planning affects us all.** The homes we live in, the places where we work, the open spaces where we relax and the roads we travel on are all a result of planning decisions that have been made.

The way that the whole town develops will be affected by planning. Crawley Borough Council has started work on a new local plan that will help to guide development in Crawley over 15 years from 2020-2035.

It is important that you are able to put across your views by taking part in the way that we plan the future of the town. See below to find out when your nearest consultation event is taking place.

**Local Plan Review 2020-2035**

We are seeking views on Crawley 2035, the first stage (known as Regulation 18) in producing a new Local Plan that will guide development in the borough from 2020 to 2035.

The Local Plan is an important document, setting out planning policies to guide the amount and location of housing and employment development, support the growth of the Town Centre as a new neighbourhood, ensure that the right infrastructure is in place to meet the needs of Crawley's growing population, and protect the important historic assets and open spaces that are valued by residents and visitors.

We are also inviting views on two accompanying documents, the Sustainability Appraisal Scoping Report, and the draft Habitats Regulations Assessment.

- [» Consultation Draft Local Plan July 2019 \(PDF, 6MB\)](#)
- [» Draft Local Plan Map \(PDF, 5MB\)](#)

## SUSTAINABLE DEVELOPMENT

The planning system has a key role in supporting the economic, social and environmental dimensions of achieving sustainable development.

There is also strong evidence that our health is affected by the places where we live, and enabling healthy lifestyles and supporting wellbeing is important in planning the local area.

- What do you think are Crawley's key strengths and weaknesses as a sustainable place?
  
  
  
  
  
  
  
  
  
  
- What should be the key priorities for making Crawley a more sustainable place?
  
  
  
  
  
  
  
  
  
  
- Is there anything in your local area which you feel affects your health?
  
  
  
  
  
  
  
  
  
  
- What do you think the health and wellbeing priorities should be for Crawley?

- **Where in Crawley should higher densities be allowed?**
  
  
  
  
  
  
  
  
  
  
- **Are there areas in Crawley which should be protected from higher densities?**

### **Landscaping and Landscape Character**

Green landscaping within and around Crawley forms a key part of its character, with historic landscape features combining with those planned as part of the New Town.

- **What soft landscape features do you particularly value in Crawley?**
  
  
  
  
  
  
  
  
  
  
- **Are there areas of Crawley which would benefit from more trees and/or soft landscaping?**

### **Heritage**

Crawley has a diverse range of heritage assets, from Domesday parishes and buildings which are hundreds of years old to excellent examples of New Town architecture.

- **What does 'heritage' mean to you?**
  
  
  
  
  
  
  
  
  
  
- **What aspects of Crawley's heritage are most valuable?**

## Open Space, Sport and Recreation

Crawley's open spaces, sports facilities and recreational areas are important to the health and wellbeing of the community. These spaces make up most of the green infrastructure network of the town, providing environmental benefits as well as enhancing its character.

- **Which open spaces, sports or recreational facilities in Crawley are most important to you?**
  
  
  
  
  
  
  
  
  
  
- **Are there any recreational facilities you would like to see provided in Crawley between 2020 and 2035?**

## Infrastructure Provision

The retention of existing and provision of new essential transport, utility, service and community infrastructure is critical to support new development in the town.

- **Are there any transport, utility, or community facilities missing or needing improvement in your neighbourhood / in Crawley?**
  
  
  
  
  
  
  
  
  
  
- **What should be the key infrastructure priorities for supporting the growth which is planned in Crawley for the period 2020-2035?**

## **Gatwick Airport**

Gatwick Airport generates significant economic benefits for Crawley but also creates significant environmental impacts due to air traffic and surface access movements in the borough. The Airport Masterplan proposes growth at the airport, including amendments to the Airport Boundary, and seeks to continue safeguarding land for an additional runway in the future.

- **What key issues do you think should be considered to ensure any growth at Gatwick Airport is sustainable?**
  
- **Do you agree airport parking should be located on the airport, or do you think it could also be provided off airport and, if so, where?**
  
- **Should land south of Gatwick Airport continue to be safeguarded for a potential future wide-spaced additional runway?**
  
- **Should the airport boundary be changed to the boundary shown in the Airport Master Plan?**

## **Crawley town centre**

Crawley town centre is an important sub-regional destination for retail and leisure, and a key employment area. It is also a sustainable place for people to live and its population is increasing rapidly with significant new residential development coming forward.

- **What makes you want to visit and spend time and money in Crawley town centre?**

- **Is there anything else you would like to see in the town centre?**
  
- **Crawley town centre is becoming a residential neighbourhood in its own right. What facilities and services are needed to support its growing population?**

## **HOUSING**

Crawley's population is now over 111,000 and continues to grow with births exceeding deaths.

To meet the needs of its growing population Crawley would need to provide over 11,200 more homes. With little land left to develop within the borough, and constraints including flooding, aircraft noise and safeguarding, additional and higher density housing development will need to be incorporated within existing neighbourhoods and in the town centre.

Crawley will also need to work with neighbouring authorities to help address Crawley's unmet needs so new development may come forward just outside Crawley's boundaries.

- **What types of housing and accommodation would you like to see more of in Crawley?**
  
- **Which groups in particular are poorly catered for by the available housing supply in Crawley?**
  
- **What types of housing should be prioritised in new developments over the period 2020-35?**

- **Where do you think new housing should be built over the period 2020-35?**
  
- **If a new neighbourhood is built just outside Crawley's boundaries, what should it include?**

## **ENVIRONMENTAL SUSTAINABILITY**

### **Green Infrastructure and Biodiversity**

Crawley's extensive networks of green spaces and waterways are integral to the health and quality of life of the population, and provide habitat for wildlife and help the town adapt to climate change. The protection of these spaces needs to be balanced with development, and many of these spaces can be enhanced to improve their biodiversity value.

Envisioning Green Infrastructure as a joined up network that is as important as the connections between major roads can help with understanding what biodiversity requires to thrive.

Soft landscape areas make brilliant habitats for small forms of wildlife and are valuable for their visual benefits as well as benefits to an individual's mental health. They are also beneficial for boosting pollination for local pollinator species.

- **Do you think biodiversity net gain should be a priority on new development sites? How do you think this could be done?**
  
- **What would encourage you and your community to support habitat creation?**
  
- **What resources could be needed to promote pollination plans within local communities?**

## Environmental Protection

Crawley's urban character, international airport and large business district at Manor Royal make it a leading economic driver but also result in adverse impacts on noise and air pollution which need to be managed.

- **Do you know of any areas of Crawley particularly affected by certain types of pollution?**
  
- **Are there any types of pollution which you would like to see better controlled? How do you think this could be achieved?**
  
- **More stringent criteria are proposed to reduce the number of people exposed to unacceptable noise from aircraft. What are your thoughts on this approach?**

## Sustainable Transport

Transport infrastructure is vital to support new development. It is important to retain existing infrastructure and enhance opportunities to increase walking, cycling and public transport use as well as minimising the need to travel.

- **What aspects of the transport system in and around Crawley work well?**
  
- **What aspects of the transport system in and around Crawley work less well? How could these be improved?**

- **In what ways does the design and layout of Crawley create opportunities for improvements in provision for different transport modes (cars, public transport, walking and cycling)?**
  
- **In what key ways would you like transport in Crawley to be different in 2035?**
  
- **Do you think a Western Relief Road from the A264 at Kilnwood Vale to the A23 at County Oak would be a benefit to the town?**

**Thank you for completing this questionnaire.**

# Help plan the future of your town

Planning affects us all. The homes we live in, the places where we work, the open spaces where we relax and the roads we travel on are all a result of planning decisions that have been made.

The way that the whole town develops in the future will be affected by planning. Crawley Borough Council has started work on a review of its local plan that will help to guide development in Crawley over 15 years from 2020-2035.

This draft local plan review follows a review of the existing adopted local plan; it doesn't start from a blank page. In many cases, the principles and policies in the local plan remain up-to-date and 'sound'.

However, there is a greater emphasis on a number of policy areas, including health and wellbeing, higher environmental standards for new houses and housing to meet a wider range of needs.

It is important that local people, groups and organisations are able to put across their views and participate in the way that we plan the future of the town.

Until 16 September we are asking you to let us know what you feel are the most important issues for Crawley that will need to be planned for over the next 15 years.

For more information visit [crawley.gov.uk/crawley2035](http://crawley.gov.uk/crawley2035) or email [forward.plans@crawley.gov.uk](mailto:forward.plans@crawley.gov.uk)

## Housing delivery

Since adoption of the local plan, **45 per cent** of new homes built with planning permission were affordable

Greater demand for smaller homes of two/three bed for young families

**55** per cent increase in population over 65 years

There is land for **4,800** new dwellings

House prices: **9.1x** median earnings; lower quartile **10.7x** earnings

Town centre residential:

**214 831**  
dwellings in 2014 dwellings in 2019

**3,000**  
minimum dwellings in 2035

Need for **652** affordable dwellings in Crawley per year, of which **535** should be rented at affordable levels

Crawley's growing population needs **11,200** more homes between 2020-2035

## Environmental sustainability

**24** per cent of adults were estimated to be physically inactive in 2016/17

During peak hours there are around **35,000** vehicle movements within Crawley

The borough covers **4,497** hectares

**111,700**

**60** per cent of residents are under 45 years of age (22 per cent aged 0-15 years)

Cycling saves a typical commuter **£740** a year

# Crawley 2035

## Wellbeing and communities

Some historic parts of Crawley have higher densities of **95** dwellings per hectare

There are **105** Grade I, II\* and II listed buildings

**76** play spaces for children

**33** public parks and gardens

**20** allotments

New town average densities of **20-30** dwellings per hectare

**92** outdoor sports spaces

**11** conservation areas

## Economic growth and social mobility

## Local Plan Developer and Business Forum 5 September

**Publish Date:**

Wednesday, August 21, 2019 – 09:15

Crawley Borough Council has started work on a review of its local plan that will help to guide development in Crawley over 15 years from 2020–2035.

To inform the process, we would like to invite developers, investors and businesses to a dedicated forum on 5 September at The Hawth Theatre, Crawley.

This forum is intended as a discussion on the current Crawley2035 (Regulation 18) Early Engagement Consultation and is the first formal stage of consultation in the Local Plan Review process. Within this workshop we will be picking up

items of particular interest from a business and developer perspective.

<b>Event :</b>	Crawley Borough Local Plan Developer Forum
<b>Date:</b>	Thursday 5 September 2019
<b>Time:</b>	8:30am - 10:30am
<b>Location:</b>	Spotlight Room, The Hawth, Hawth Avenue, Crawley, RH10 6YZ

To allow us to calculate anticipated attendance numbers, please let us know if you are able to attend by **Wednesday 28 August** by emailing [forward.plans@crawley.gov.uk](mailto:forward.plans@crawley.gov.uk).

However, if you cannot make it, please continue to engage in the Local Plan Review consultation. Further information and all published consultation documents are available on the council's webpage: [www.crawley.gov.uk/crawley2035](http://www.crawley.gov.uk/crawley2035).

Representations can be made by email, letter, or by completing the online survey. Feedback must be received by 16 September 2019.

Please contact the Strategic Planning Team on 01293 438624, should you wish to discuss any matters in more detail and are unable to attend the workshop.

If you wish to remain informed of the progress with the Local Plan Review, please sign up to receive the Planning News email alerts: [www.crawley.gov.uk/emailalerts](http://www.crawley.gov.uk/emailalerts)
