5th October 2009-10-12

Dear Sir,

Planning Application no: CR/2009/0326/FUL

I wish to protest in the strongest possible terms to the above application to build an extension to the North Terminal.

The proposed extension will mean more pollution through increased traffic movement and the increase in the number of flights will bring more misery to the people of Capel who are plagued by planes persistently taking short cuts and turning directly over the village.

I urge you to refuse this application.

Yours sincerely,

Amanda Schryver
